

Who Is Van Gogh?

by Evelyn Ho (P1, DGJS)

After learning about the different artists, my favourite artist is Van Gogh because I like his paintings "Sunflowers" and "Cafe on the Terrace". He has lots of interesting things to talk about like he is a sad person, he likes to paint real-life things and he likes vivid colours. Van Gogh is famous for painting himself. I like Van Gogh's painting because I like bright colours.

Van Gogh did many paintings, I like "Sunflowers" the best. I like the "Sunflowers" because I like flowers and it looks real. There was another painting I liked, it was the "Cafe on the Terrace". I like the "Cafe on the Terrace" because it looks like I am there and I like bright colours.

I think being an artist is very sad because Van Gogh's painting was sad. The painting he did of himself was sad and he is famous for real-life paintings, so I can see that he is sad. It is bad to be an artist because they don't have a lot of time to do drawings. I don't want to be an artist because I don't have time to do drawings and I am not good at drawing!
